

Action selection and evaluator validity separate

● Opaque ● Aligned ● Misindexed ★ Top-1 selected

a Unseen-plan ranking is task dependent

b Law adequacy does not determine the selected action

c Construction repair does not erase fresh-world stop decisions

d Full-ranking validity and action validity disagree in both directions

W2-50: 45 scheduled, 42 eligible, 240/240 truth/replay, and three retained failures. W2-51/W2-52: exposed and fresh evidence remain separate; participant sessions = 0. W2-53: 16/16 frozen unit versions with no new execution. Stars mark Top-1; full-rank correlation is a secondary diagnostic.
